1. COMMUNICATION AND STAKEHOLDER PARTICIPATION

The stakeholder consultation and Public Participation Process (PPP) was done in accordance with Section 11(1& 4) read with Section 73 of the National Environmental Management: Waste Act (Act No. 59 of 2008) as amended (NEM: WA). The purpose of this report is therefore to present the stakeholder approach, identified stakeholders and the consultative processes undertaken during the development of an Integrated Waste Management Plan (IWMP). The stakeholder engagement was an ongoing process throughout the IWMP development. The process involved the participation and contribution of a large group of stakeholders (The general public). The process focused strongly on the direct and productive involvement of stakeholders in developing the plan.

Stakeholders were identified and consulted during the development of this plan, per the Department of Environmental Affairs (DEA) IWMP guidelines published in 2020. The following should be included in the report:

- A summary of the stakeholders that have been consulted; their issues, concerns, views and inputs.
- Responses to the concerns and issues raised by stakeholders; and
- A record on details of the stakeholders and their inputs.

1.1. STAKEHOLDER ENGAGEMENT APPROACH

A consultative process was followed throughout the development of the IWMP, and the following steps were followed to ensure that stakeholders were provided with an opportunity to comment on the draft IWMP.

- **Identification of role players:** Key role players that contribute to waste management and inform current waste management practices within the municipality were identified. Key role players are listed in Section 2.
- **Role Player Database:** After all the role players were identified, a database was developed and updated throughout the IWMP process.
- **Public Participation:** A “Call for Expression of Interest” i.e. an advert was placed in Die Courier to inform the public about the availability of the draft IWMP for review (for a period of 30 days) and to invite the public to attend the public meeting so they be informed of the development of the IWMP and have an opportunity to comment as well as give inputs on the IWMP.

 forestry, fisheries & the environment <small>Department: Forestry, Fisheries and the Environment REPUBLIC OF SOUTH AFRICA</small>	DOCUMENT TITLE:	Stakeholder Engagement Report	
	DOC NO:	MC.DFFE.IWMP.2025	

Figure 1 below summarises the steps that were followed when undertaking stakeholder engagement:

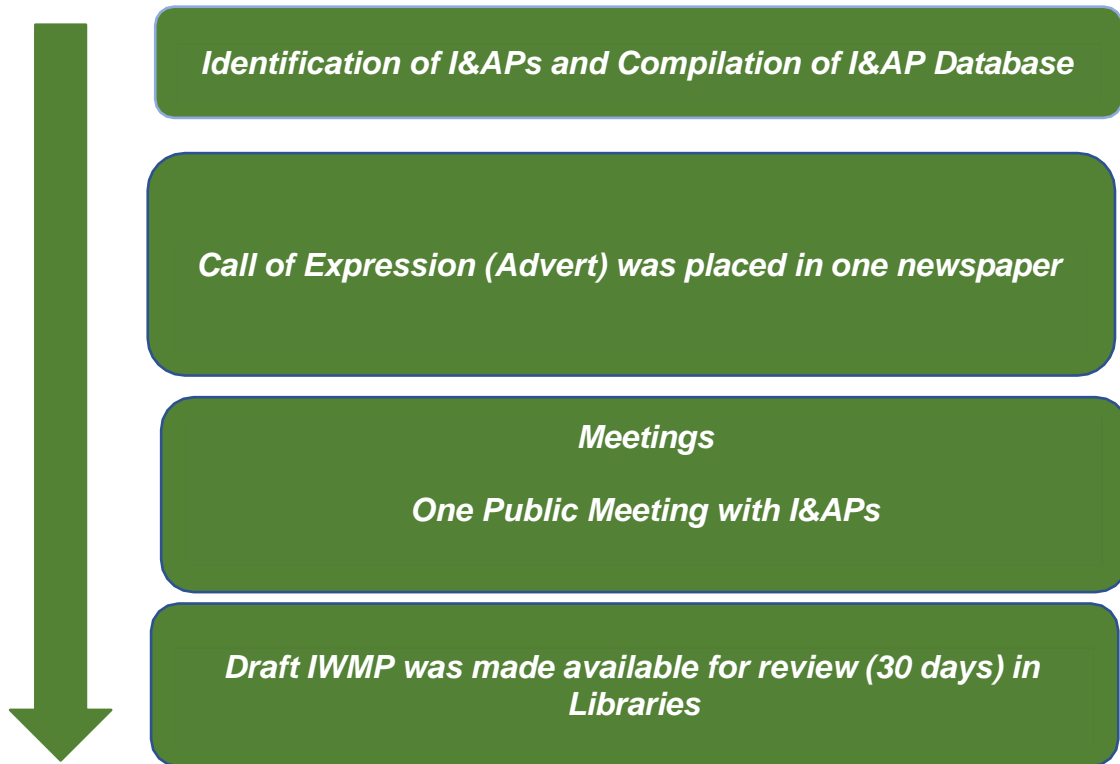

Figure 1: Public participation process undertaken

 forestry, fisheries & the environment <small>Department: Forestry, Fisheries and the Environment REPUBLIC OF SOUTH AFRICA</small>	DOCUMENT TITLE:	Stakeholder Engagement Report	
	DOC NO:	MC.DFFE.IWMP.2025	

2. AWARENESS CONSULTATION WITH KEY STAKEHOLDERS

The identified key stakeholders included but not limited to the following:

- Waste management municipal officials;
- Central Karoo district officials;
- Waste management recyclers;
- Department of Environmental Affairs and Development Planning (DEADP); and
- Department of Forestry, Fisheries and the Environment (DFFE.)

2.1. PUBLIC MEETINGS

Public meetings were held for the Central Karoo District Municipality (CKDM), within the three Local municipalities i.e. Beaufort West LM, Laingsburg LM & Prince Alfred LM. The purpose of the public meeting was to engage Interested and Affected Parties (I&APS), to give them an opportunity to comment and give inputs on the draft IWMP. An advert inviting the public was placed in one newspaper. See **Annexure A** for public meeting minutes. The public meeting was held as indicated in Table 1.

Table 1: Public Meeting

Municipality	Date	Time	Venue
Beaufort West LM	04 March 2025	14H00	Klaarstroom Community Hall
		14H00	Murraysburg Town Hall
Laingsburg LM	05 March 2025	18H00	Laingsburg Flood Museum Auditorium
Prince Alfred LM	06 March 2025	10H00	Prince Albert, Sydwell Williams Centre

NOTICE IN TERMS OF SECTION 11(4) OF THE NATIONAL ENVIRONMENTAL WASTE ACT, ACT NO. 59 OF 2008: DEVELOPMENT OF THE INTEGRATED WASTE MANAGEMENT PLAN FOR CENTRAL KAROO DISTRICT MUNICIPALITY.

Notice is hereby given in terms of Section 11(4) read with Section 73 of the National Environmental Management: Waste Act (Act No. 59 of 2008) as amended (NEM: WA), that Central Karoo District Municipality (CKDM) in the Western Cape Province is developing a 3rd Generation Integrated Waste Management Plan (IWMP).

Name of project: The Development IWMP for CKDM in the Western Cape Province.

Project description: The proposed project entails the development of a 3rd Generation IWMP for CKDM in terms of Section 11(4) of NEM: WA, which requires each municipality to submit its IWMP to the Member of Executive Council (MEC) for endorsement; and to include the approved IWMP in its Integrated Development Plan (IDP).

Project Location: CKDM is in the Western Cape Province.

Public meeting: The public is hereby notified and invited to attend the public meetings that will be held as follows:

Municipality	Date	Time & Venue	Availability of Report
Beaufort West LM	04/03/2025	08H00: Mandlenkosi Community Hall 14H00: Murraysburg Town Hall	Mandlenkosi Library Murraysburg Public Library
Laingsburg LM	05/03/2025	18H00: Laingsburg Flood Museum Auditorium	Laingsburg Flood Museum
Prince Albert LM	06/03/2025	10H00: Prince Albert, Sydwell Williams Centre 14H00: Klaarstroom Community Hall	Prince Albert Public Library

Mamadi and Company SA (Pty) Ltd (Mamadi) has been appointed by the Department of Forestry, Fisheries and the Environment (DFFE) as an independent Environmental Assessment Practitioner (EAP) responsible for the development of CKDM IWMP and the associated Public Participation Process (PPP).

Availability of the Draft IWMP: The Draft IWMP will be available for public review for 30 days, commencing from 04/03/2025 to 03/04/2025 at the above-mentioned Libraries & Mamadi Consultants on request, at the contact details provided below.

Parties wishing to comment on the Draft IWMP are requested to forward their comments to Mamadi no later than 03/04/2025 at the contact details below:

Mamadi: Lebogang Maripane/Given Nkosi, Thandanani Office Park, Midrand, 1658 or
Cell: 061 476 7868: or Email: Lebohang@mamadi.co.za / Given@mamadi.co.za

	DOC NO:	MC.DFFE.IWMP.2025	

2.3. AVAILABILITY OF THE IWMP DRAFT

All I&APs and stakeholders were notified of the availability of the IWMP Draft report. The Draft IWMP was available for public review for a period of 30 days, which commenced from the 4th of March 2025 to the 3rd of April 2025. Hard copies of Draft IWMP reports were placed at Laingsburg Flood Museum, Prince Albert Public Library, Mandlenkosi Library and Murraysburg Public Library. Soft copies of the draft IWMP were also available via email upon request from Mamadi consultants.

3. COMMENTS AND RESPONSE TRAIL

No comments were raised on the presentation during the public participation process.

Item No	Items	Responsibility
30	<p>DISCUSSIONS</p> <p>30.1 There is a building at the refuse site, but it is not being used for its purpose. Response: The municipality is aware of the issue and will have to hire people and partner with recyclers so that the building meant to be a buyback centre can be utilised for its purpose.</p> <p>30.2 Refuse must be removed twice a week. Response: The municipality must get an additional fleet to achieve this.</p> <p>30.3 There is a designated area used to dispose of garden waste, however, it's used for general waste, and carcasses are dumped there, and it's now difficult to remove the waste. It's also infested with rats.</p> <p>30.4 Response: The community must follow law and order and only dispose waste that is designated for that place.</p> <p>30.5 People dump waste into the river. Response: It is illegal to dispose waste anywhere except in a designated area. Municipality will look into this issue.</p> <p>30.6 There are lots of municipal workers, but they don't do the work of collecting waste. Response: People responsible for waste do lots of other work, like maintenance of sewage as such they are not always available for waste collection, this is why the municipality want to have additional staff.</p>	All
31	<p>WAY FORWARD</p> <ul style="list-style-type: none"> Mamadi to update the information provided by the Municipality and community in the IWMP report. GN explained that Interested parties are to review and comment on the draft IWMP at the designated points within 30 days. 	GN

Discussions

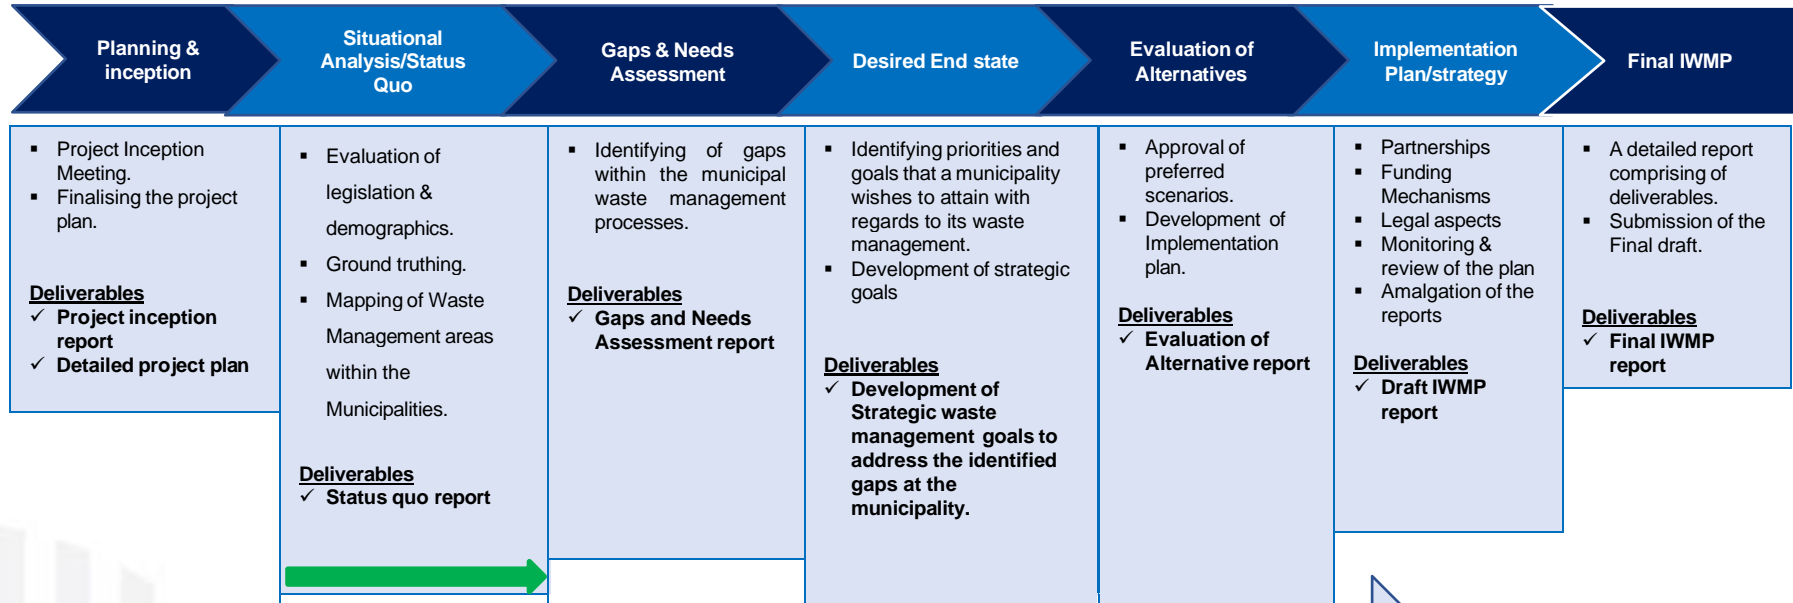

1. Project Background

Background

- Mamadi and Company (Pty) Ltd has been appointed by the Department of Forestry, Fisheries and the Environment (DFFE) to develop IWMPs for Central Karoo District Municipality with its Local Municipalities (LMs) for a period of 18 Months. (The focus of this presentation is Laingsburg.
- The IWMP is developed in line with Western Cape Environmental Affairs and Development Planning (Guide for Waste Management Planning) & DFFE guidelines for the developing IWMPs
- Strategic plans have been taken into consideration during the development of this IWMP, which includes the National Development Plan (NDP), Provincial IWMP, National Waste Management Strategy, Integrated Management Plan (IDP), Spatial Development Framework (SDF) & Sustainable Development Goals.

The Process follows through Seven phases

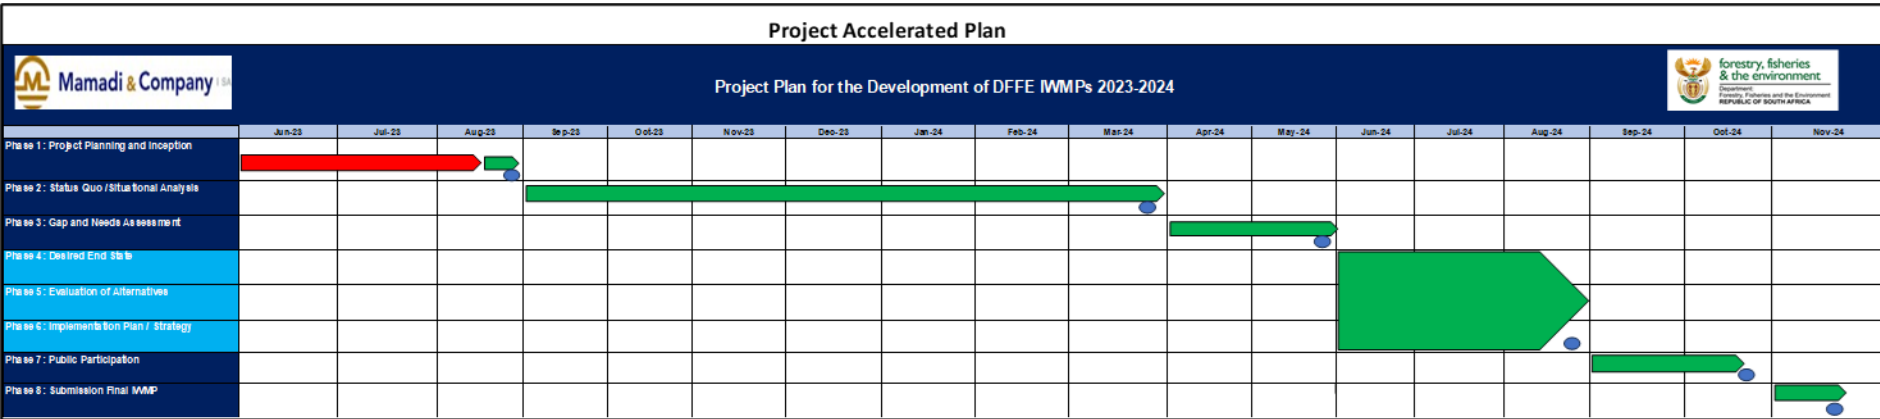

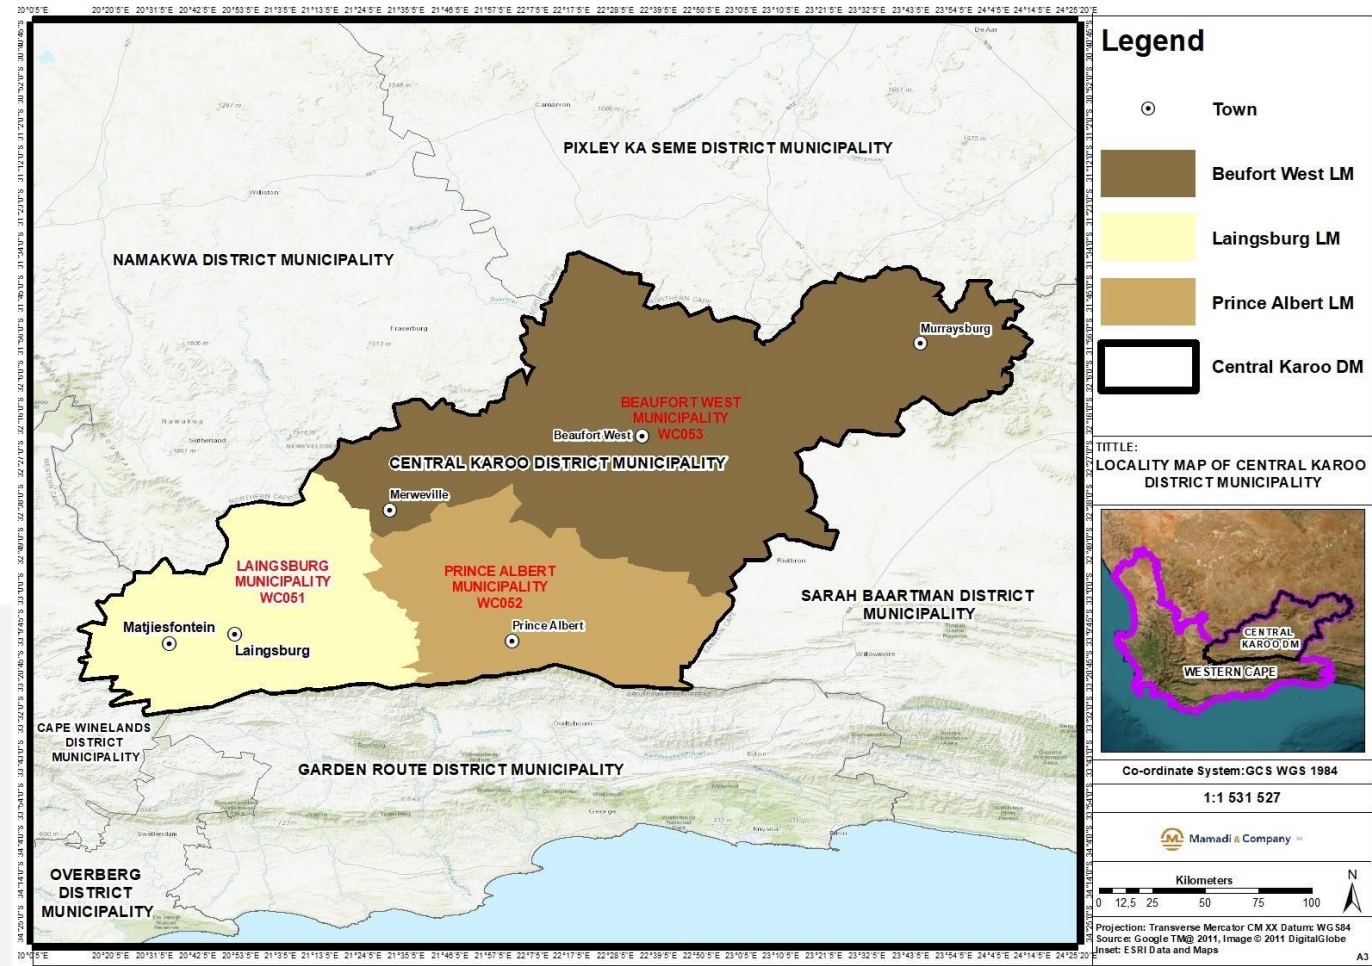

Ongoing Comprehensive Stakeholder engagement

- Project Stakeholder database
- Stakeholder engagement
- Project Steering Committee (PSC) meetings
- Calls for expression of Interested parties: Adverts to be placed in a local news papers
- Availability of draft IWMPs for Comments (30 days)
- Public Meetings

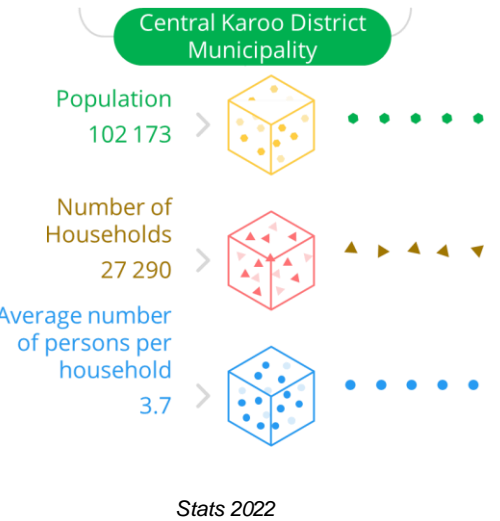

3. Project Implementation Plan

The CKDM covers a total area of 38 852 km². The Municipality is mainly characterised by residential and agricultural land. There are no major industrial land uses within its boundaries.

Population Growth

Municipality Total Population (Stats SA, 2022)	102 173
Population Growth Rate (%) (Stats SA, 2022)	3.99%
Municipality Total Population (Stats SA, 2011)	71 011
Averaged Population Growth rate (%) (Stats SA, 2011)	1.92

Demographic Profiles

Age

Young (0 – 14 years)	27.6%	28 200
Middle Age/Working Age (15 – 64 years)	65.9%	67 332

Waste Recycling

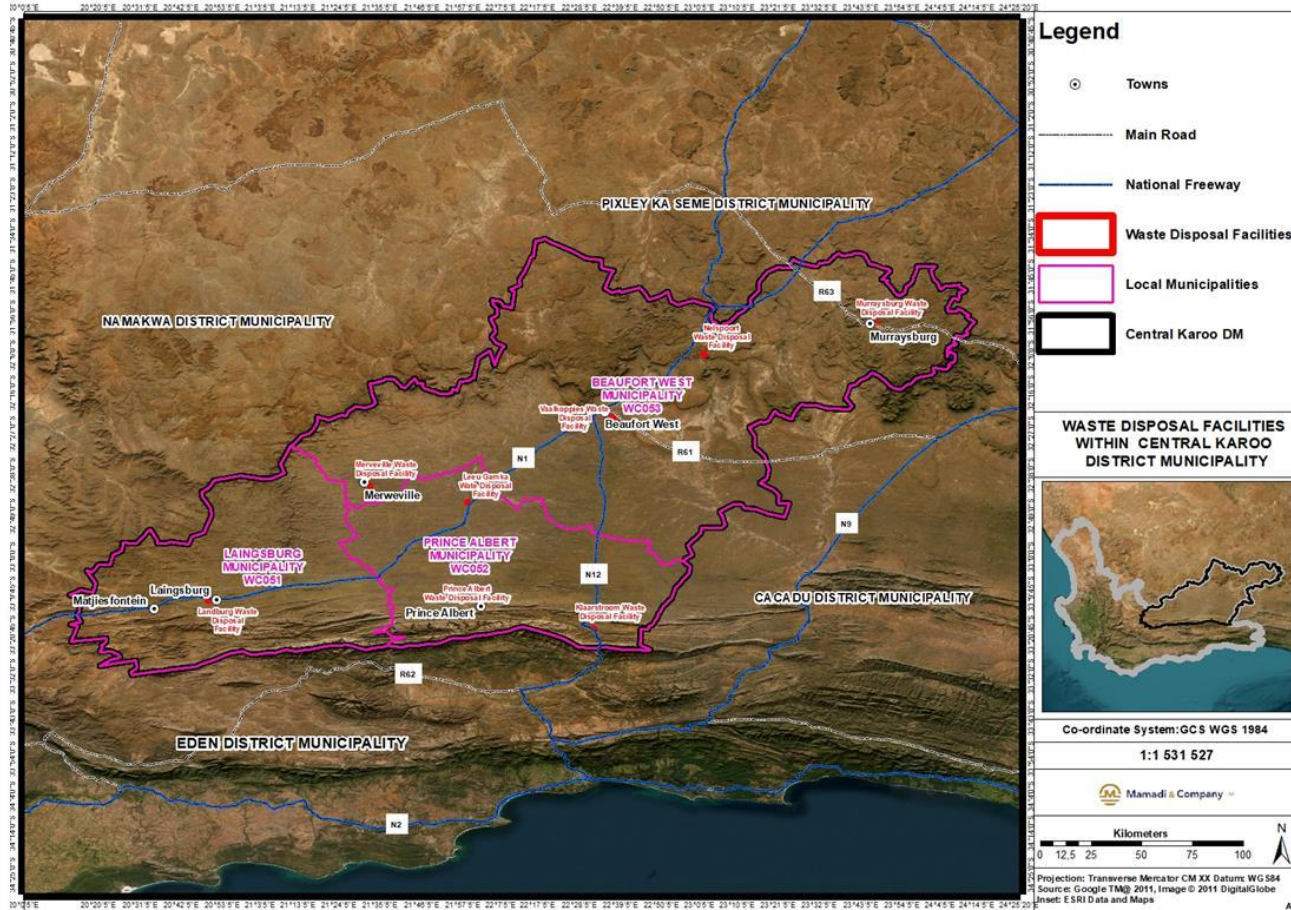

4. Status Quo Summary Contd.

Municipality	Recycling Companies	Registration Status	Operations Status	Recyclable Materials
Laingsburg	Saseko	Not yet registered	Operational	Plastic, bottles, metals
Beaufort West	Rallo's recycling	Not yet registered	Operational	Glass, paper, plastic, boxes, and E-waste
	Blyth Street Scrap Metal Recycler	Registered	Operational	Ferrous and Non-ferrous metals
	Boland Scrap Metal	Registered	Operational	Plastic, PET, Ferrous and Non-ferrous metals

Municipalities	Waste Disposal Facilities	Licensed	Access Control	Weighbridge	Life Span estimates	Waste Compaction	Ground Water Monitoring	Transfer Station
Laingsburg	Laingsburg	Yes	Gate & Security Control	No	Unknown	None	None	None
Beaufort West	Vaalkoppies	Yes	Gate & Security Control	Yes, but not in use	Unknown	None	None	Matjiesfontein Transfer Station
	Murraysburg	No	Gate	No	Unknown	None	None	None
	Merweville	Yes	Gate	No	Unknown	None	None	None
	Nelspoort	Yes	Gate	No	Unknown	None	None	None
Prince Albert	Leeu Gamka	Yes	No	No	3 years	None	None	Prince Albert Road Transfer Station
	Prince Albert	Yes	Gate	No	2 Years	None	None	None
	Klaarstroom	Yes	No	No	17 Years	None	None	None

Based on observations and interviews conducted during ground truthing, the following challenges were noted at the disposal facility:

- No waste compaction in PAM;
- No cover material in PAM;
- Waste blown by the winds
- No ground water monitoring is conducted;
- There are no waste pickers at the landfill site except for Vaalkoppies;
- No weighbridges; except for Vaalkoppies.
- No access control except LM, and Vaalkoppies.
- Burning of waste
- Refuse dumped outside site especially at Vaalkoppies

Municipality	Department Responsible for Waste Management	By-laws Status/Waste Policy	Waste Tariffs	Private Sector Involvement in waste Management	Designation of (WMO)	EMIs
LM	Technical Services	Model Integrated Waste Management By-Law, 2023 (Endorsed)	Yes	Recycling	Designated	None
PAM	Technical Services	Draft waste bylaws	Yes, but not implemented	None	Designated	None
BWM	Community Services	Waste Management By-laws on Draft state	No	No	Designated	None
CKDM	Section Municipal Health	N/A	No	No	Designated	1

Gaps and needs related to waste management in the CKDM have been identified in terms of each of the following waste management themes:

- Integrated Waste Management planning & Implementation
- Institutional Framework
- Regulatory framework
- Waste minimization, reuse and recycling
- Capacity and Awareness
- Municipal waste services

Themes	Gaps Identified	Resulting Need
1. Integrated Waste Management planning	<ul style="list-style-type: none"> Some Municipalities had outdated IWMPs, NEMWA requires the IWMP to be reviewed every 5 years. Municipalities must submit annual reports of the implementation of the IWMP in Section 46 of the Municipal MSA Waste Pickers are not integrated in Municipal waste management services in municipalities where they exist. Municipalities don't have waste minimisation plans. 	<ul style="list-style-type: none"> All IWMPs must be reviewed and endorsed after five years, the endorsed IWMPs have to be incorporated into Municipal plans. Once the IWMP is finalised the Municipality must ensure that annual reports are prepared and submitted in line with the MSA. EIMs should be trained and designated to ensure waste management by-laws are implemented. The Municipality should develop a plan for waste pickers integration.
2. Institutional Framework	<ul style="list-style-type: none"> Current organisational structures are not sufficient for adequate waste management. The Local Municipalities have not appointed WMO to carry out waste management functions despite the recommendation from the audit by the province to do so. Municipalities don't have EIMs to execute waste management by-laws. 	<ul style="list-style-type: none"> Organisational structures need to be reviewed and appointment of waste management officials need to be made as per waste management audit recommendation made by the province. Appoint district WMO and EIMs to support Local Municipalities.

Themes	Gaps Identified	Resulting Need
3. Regulatory framework	<ul style="list-style-type: none"> PAM and LM bylaws are not gazetted. 	<ul style="list-style-type: none"> Waste management By-Laws must be gazetted, and EMIs must be appointed to implement the By-Laws.
4. Waste minimization, reuse and recycling	<ul style="list-style-type: none"> There is limited recycling taking place within CKDM and as a result, large volumes of recyclable material are disposed of within waste disposal facilities. Municipalities rely only on privately owned recycling initiatives, not much effort is given to waste minimization, reuse and recycling. Waste pickers at landfills often work without personal protective equipment (PPE). This exposes them to health and safety problems. The existing organic waste facilities are redundant. 	<ul style="list-style-type: none"> The district should support waste recycling initiatives within Municipalities. Collaborate with Municipalities to come up with recycling initiatives in the in schools and communities, this can be done through competitions, education and awareness especially in business where large quantities of packaging recyclable material are generated. Support the formation of recycling initiatives in schools and communities at the local municipalities. Assist in the development of plans to integrate waste pickers into Municipal waste management services. Support the establishing and utilisation of the redundant organic waste facilities. Capacitate Municipalities to have their own recycling initiatives and facilitate the partnership between Municipalities and PRO's regarding collection of the

Themes	Gaps Identified	Resulting Need
		<p>recyclables within the district.</p> <ul style="list-style-type: none"> Support waste pickers at the waste disposal facilities by providing them with PPE.
5. Capacity and Awareness	<ul style="list-style-type: none"> Limited waste management awareness conducted within Municipalities. Public understanding of ethical and sustainable waste management practices is low. Few partnerships with educational facilities such as schools. 	<ul style="list-style-type: none"> Support the development of waste management programs that raise awareness. The program should prioritize recycling, composting, and combating unlawful dumping through education and awareness. Ensure the necessary human resource are available to support Municipalities. Have education and awareness programmes that target schools.
6. Municipal waste services	<ul style="list-style-type: none"> Waste collection services are not rendered in other areas falling within LMs jurisdiction particularly farms areas. Non-compliance of waste management facilities with conditions of WML, as per waste management audit conducted by the province. Inadequate budget allocation for waste management 	<ul style="list-style-type: none"> Support Municipalities in the expansion of waste management services to areas not receiving waste collection. Collaborate with Municipalities in conducting internal audits and support with plans to close all non-compliances to ensure compliance with the conditions of the licences and the minimum requirement for waste disposal facilities. Encourage Municipalities to also prioritise waste

Themes	Gaps Identified	Resulting Need
	<p>services in the Municipalities.</p> <ul style="list-style-type: none"> • Lack waste management infrastructure such as weighbridges, fences for disposal facilities, ground water monitoring networks. • Indeaquate fleet for waste management. • Illegal dumping occurs in some part of the District. • No budget for waste projects such as IWMP reviewal, bylaw gazetting and education and awareness • Lack/limited of knowledge on how hazardous waste are disposed 	<p>management by ensuring that financial and human resources are made available for the sustainable waste management services.</p> <ul style="list-style-type: none"> • Assist Municipalities in acquiring the yellow fleet, this can be achieved through MIG. • Support with implementation of waste management By-Laws. • Support the cleanups, education and awareness campaigns aimed at addressing illegal dumping across the district. • Support the Municipalities in reviewing and allocating of budget for waste related activities. • The District to collaborate with Municipalities to ensure proper disposal of both hazardous, this can be archived through education and awareness, monitoring hazardous and medical waste generators

GOAL 1: EFFECTIVE SOLID WASTE SERVICE DELIVERY

Objectives	Target	Key Performance Indicator	Responsible Department	Timeframes	Resources/ Cost Estimates
Increase waste collection services	Support the expansion of number of households receiving waste collection	Number of new areas receiving waste collection.	LM & DM	1-3 years	None
	Support the development of buy back centres that are functional, where recyclables can be recovered.	Number of buy back centres created	LM & DM	1-3 years	None
Increased number of waste management fleet and develop fleet maintenance plan	Support LMs in acquiring waste management fleet from the province. Support LM to have develop fleet maintenance plan. Encourage proper maintenance of waste management fleet.	Number of functional waste management fleet. Effective maintenance plan.	LM & DM	1-3 years	None

GOAL 1: EFFECTIVE SOLID WASTE SERVICE DELIVERY

Objectives	Target	Key Performance Indicator	Responsible Department	Timeframes	Resources/ Cost Estimates
Reduce illegal dumps	Conduct cleaning campaigns and awareness	Number of cleaning campaigns and awareness conducted as well as reduced illegal dumps.	LM, DM & Province.	0-1 years	None

GOAL 1: EFFECTIVE SOLID WASTE SERVICE DELIVERY

Objectives	Target	Key Performance Indicator	Responsible Department	Timeframes	Resources/ Cost Estimates
Support the capacitation on waste Management.	Increase number of waste management personnel in LM	Support the Appointed waste management officers and Environmental Inspectors.	LM & DM.	1-3 years	. None
	Develop a waste management education awareness strategy for the district.	Education & Awareness strategy.	LM, DM & Province.	1-3 years	None

Promote awareness & education on integrated waste management.	Support LM education and awareness programmes.	Number of education & awareness programmes attended.	LM, District & Province.	0-1 years	None
	Support LMs collaborations with education and training institutions.	Partnerships with schools.	LM, District & Province.	0-1 years	None

GOAL 2: PROMOTE WASTE MINIMISATION AND RECYCLING.

Objectives	Target	Key Performance Indicator	Responsible Department	Timeframes	Resources/ Cost Estimates
Reduce waste disposal at landfill sites by promoting waste diversion through re-use, recycling & recovery.	Reduce landfill waste disposal by at least 50%.	Recycled tonnages within LM. Tonnages of waste disposed at landfill site	LM & DM	4-5 years	Human Resource
	Support formalisation recycling initiatives & support existing recycling	Number of formalised recycling initiatives & support given to recycling	LM, DM & Province	1-3 year	None

GOAL 2: PROMOTE WASTE MINIMISATION AND RECYCLING.

Objectives	Target	Key Performance Indicator	Responsible Department	Timeframes	Resources/ Cost Estimates
	initiatives.	initiatives.			
	Support organic waste composting initiatives.	Number of partnerships with organic waste composting initiatives	LM, DM & Province	1-3 year	None
	Support the efforts by LMs to divert waste disposal of tyres from landfill by partnering waste tyre recyclers.	Partnership developed with waste tyre recyclers.	LM & DM.	1-3 year	None
	Initiate collaboration of LM for knowledge and skills transfers regarding hazardous waste recycling e.g., used oil, tyres, fluorescent tubes & electronic waste.	Collaboration of LM.	LM & DM.	1-3 year	None

GOAL 2: PROMOTE WASTE MINIMISATION AND RECYCLING.

Objectives	Target	Key Performance Indicator	Responsible Department	Timeframes	Resources/ Cost Estimates
	Support waste reclaimers at the landfill sites through training and connecting them with relevant PROs. .	Support given to waste reclaimers.	LM & DM.	1-3 years	None
	Form partnerships with all recyclers within the district.	Partnerships formed & volume of recycled materials.	LM & DM.	0-1 year	None
Assess feasibility for industrial symbiosis implementation.	Undertake feasibility study for implementation of industrial symbiosis.	Feasibility report and implementation plan.	LM & DM.	1-3 years	Establish cost of feasibility study.
Initiate programmes for separation of waste at source	Initiate at least five programmes for the separation of waste at source at each local municipality	Number of separations at source programmes initiated e.g., separation packaging materials at shops.	LM, DM & Province	1-3 years	None.

GOAL 3: ENSURE SAFE AND INTEGRATED MANAGEMENT OF HAZARDOUS WASTE.

Objectives	Target	Key Performance Indicator	Responsible Department	Timeframes	Resources/ Cost Estimates
Identify hazardous waste producers & collectors in the district.	Develop a data base of hazardous waste producers such as funeral parlours, mechanics, filling stations, mines etc. Develop partnerships with hazardous waste collectors to ensure safe disposal.	Hazardous waste producers & collectors data base. Waste disposal certificates.	LM & DM	0-1 year	None
Identify Health Care Risk Waste (HCRW) producers & collectors in the district.	Develop partnerships with HCRW waste collectors to ensure safe disposal.	HCRW producers & collectors data base. Waste disposal certificate.	LM & DM	0-1 year	None

GOAL 4: IMPROVED WASTE MANAGEMENT FACILITIES.

Objectives	Target	Key Performance Indicator	Responsible Department	Timeframes	Resources/ Cost Estimates
Support sound management of landfill sites and waste management facilities to comply with licensing standards.	Conduct workshops on landfill sites operations and facility management. Form partnerships and encourage skills transfer with well performing LMs.	Number of workshops conducted & partnerships developed.	LM & DM	0-1 year	None
	Support LMs to secure funding for new landfill sites development and construction of associated infrastructure such as fences and weighbridges.	Newly developed landfill sites. Closed and rehabilitated landfill sites.	LM & DM	1-3 year	None

Goal 5: : ENSURE SOUND BUDGETING FOR INTEGRATED WASTE MANAGEMENT.

Objectives	Target	Key Performance Indicator	Responsible Department	Timeframes	Resources/ Cost Estimates
Sound budgeting .	Set aside enough budget to review the district IWMP every 5 years, along with the IDP. .	Reviewed IWMP report. .	DM	4 year	Establish the cost of IWMP.

Goal 6: IMPROVE REGULATORY COMPLIANCE.

Objectives	Target	Key Performance Indicator	Responsible Department	Timeframes	Resources/ Cost Estimates
Strengthen compliance & monitoring enforcement.	Finalise and gazette waste management By-laws.	Number of gazetted waste management By-laws.	LM, DM & Province	0-1 years	Establish Cost Of Gazetting
	Enforcement of waste management of By-laws.	Non- compliance notices issued.	LM & DM	1-3 years	Human resource (EMI)
	Appoint EMIs and WMO.	Number of EMIs and WMOs appointed.	LM, DM & National.	1-3 years	The budget for personnel is

GOAL 6: IMPROVE REGULATORY COMPLIANCE.

Objectives	Target	Key Performance Indicator	Responsible Department	Timeframes	Resources/ Cost Estimates
Ensure effective planning and implementation for integrated waste management	Finalise & endorse all municipal IWMPs.	Approved IWMP by the Municipal Council. Endorsement Letter from the MEC.	LM, DM & Province.	0-1 year	None .
	Implementation of IWMPs by all municipalities.	IWMP Implementation reports.	LM, District & Province	4 years	None.
	Review all Municipal IWMPs.	Number of Reviewed and IWMPs.	LM, DM & Province	Over 4 years	None
	Support the development plans to roll out waste collection to the areas not receiving waste collection.	Increased number of households receiving waste collection.	LM & DM.	1-3 years	None.

GOAL 7: IMPROVE WASTE INFORMATION MANAGEMENT.

Objectives	Target	Key Performance Indicator	Responsible Department	Timeframes	Resources/ Cost Estimates
Improve waste information reporting.	Support the registration of landfills and reporting of waste on IPWIS and Ensure that all waste information within the district are registered and reporting on IPWIS.	Records of waste uploaded on IPWIS and SAWIS.	LM & DM	0-1 year	None

NOTICE IN TERMS OF SECTION 11(4) OF THE NATIONAL ENVIRONMENTAL WASTE ACT, ACT NO. 59 OF 2008: DEVELOPMENT OF THE INTEGRATED WASTE MANAGEMENT PLAN FOR CENTRAL KAROO DISTRICT MUNICIPALITY.

Notice is hereby given in terms of Section 11(4) read with Section 73 of the National Environmental Management: Waste Act (Act No. 59 of 2008) as amended (NEM: WA), that Central Karoo District Municipality (CKDM) in the Western Cape Province is developing a 3rd Generation Integrated Waste Management Plan (IWMP).

Name of project: The Development IWMP for CKDM in the Western Cape Province.

Project description: The proposed project entails the development of a 3rd Generation IWMP for CKDM in terms of Section 11(4) of NEM: WA, which requires each municipality to submit its IWMP to the Member of Executive Council (MEC) for endorsement; and to include the approved IWMP in its Integrated Development Plan (IDP).

Project Location: CKDM is in the Western Cape Province.

Public meeting: The public is hereby notified and invited to attend the public meetings that will be held as follows:

Municipality	Date	Time & Venue	Availability of Report
Beaufort West LM	04/03/2025	08H00: Mandlenkosi Community Hall 14H00: Murraysburg Town Hall	Mandlenkosi Library Murraysburg Public Library
Laingsburg LM	05/03/2025	18H00: Laingsburg Flood Museum Auditorium	Laingsburg Flood Museum
Prince Albert LM	06/03/2025	10H00: Prince Albert, Sydwell Williams Centre 14H00: Klaarstroom Community Hall	Prince Albert Public Library

Mamadi and Company SA (Pty) Ltd (Mamadi) has been appointed by the Department of Forestry, Fisheries and the Environment (DFFE) as an independent Environmental Assessment Practitioner (EAP) responsible for the development of CKDM IWMP and the associated Public Participation Process (PPP).

Availability of the Draft IWMP: The Draft IWMP will be available for public review for 30 days, commencing from **04/03/2025** to **03/04/2025** at the above-mentioned Libraries & Mamadi Consultants on request, at the contact details provided below.

Parties wishing to comment on the Draft IWMP are requested to forward their comments to Mamadi no later than **03/04/2025** at the contact details below:

Mamadi: Lebogang Maripane/Given Nkosi, Thandanani Office Park, Midrand, 1658 or
